Municipal Pension Systems
In fact, of Florida’s 490 local pension systems, more than 84 percent are NOT fully funded. Florida’s total unfunded local liability is equal to more than $11.2 billion.

State Pension Systems
Last year, instead of funding teachers and Florida’s Department of Economic Opportunity, taxpayers paid over $1 billion to pay down the pension systems unfunded liability.

The Fight for Free Enterprise Continues
The Florida Chamber will continue to champion common sense reforms that modernize public pension programs and stop $6 billion taxpayer bailouts of pensions, helping our state become more fiscally responsible.

ACT NOW:
If you believe in creating fiscally stable state and local governments as we do, contact our offices today.
