Florida Prosperity Initiative's Relaunch

Two ways to get involved...

www.FloridaChamber.com/ProsperityMaps

Florida Prosperity Digital Summer Series

Four digital events that will focus on how business leaders can play a critical role in reducing Florida's childhood poverty rate to less than 10 percent.

Stay Tuned for Registration Information!

 CHILDREN IN POVERTY

21.3%
(Decreasing)

<10%
2030 Goal

870,505
(Decreasing)

What is the Under 18 Poverty Rate in Your County?

The Florida Chamber Foundation's Prosperity Initiative is uniting Florida's business community to implement long-term solutions that provide economic opportunity for all Floridians, regardless of what zip code they live in.

As we work toward our goal of reducing the number of children in poverty to less than 10% and creating pathways to prosperity for 100%, it's important we know where to best focus our efforts.

870,505 children live in poverty in Florida. How many of these children live in your zip code?

The Florida Prosperity Initiative is looking at private sector best practices at the zip code level so we can learn from one another and help plant the same seeds in other zip codes.

Choose your county below to download a county map that illustrates the poverty rates broken down by zip code.

If you would like to be part of the solution of ending childhood poverty in Florida, [Join the Prosperity Initiative](#)

More Local Business Lawsuits... You Know They're Coming

June 1, 2020

Dear Florida Congressional Delegation:

As leaders of the business community's efforts to relaunch Florida's economy, the undersigned chambers of commerce in Florida urge Congress to pass timely, temporary and targeted liability relief legislation to provide businesses a safe harbor from unwarranted lawsuits. If left unchecked, the building tsunami of COVID-fueled litigation will endanger the fight against the pandemic and undermine the safe and orderly return to work for millions of Americans.

Businesses have innovated to provide much needed supplies during the pandemic, such as distillers producing hand sanitizer or manufacturers switching their operations to produce personal protective equipment. During the stay-at-home order, essential businesses remained open and were the front lines in providing critical services and supplies. Now millions of other businesses are in the process of reopening, desiring to do so in a safe manner that protects their employees and customers.

This is an unprecedented situation and despite employers' best efforts to comply with all the public health guidance, many are concerned that opening their doors only means they will be forced to defend themselves against an onslaught of frivolous lawsuits. Their concern is driven by the fact that each day brings news of more lawsuits that have already been filed. That is why Congress should provide a safe harbor that holds truly bad actors accountable, but that protects those employers who are working to follow public health and safety guidelines as we relaunch our respective state and local economies. Specifically, temporary protections should remain in place for the duration of the pandemic crisis and response that cover:

- Businesses that work to follow government guidelines against COVID-19 exposure claims.
- Healthcare providers and facilities on the front lines of the COVID-19 response.
- Manufacturers that repurposed production and distribution to provide PPE, sanitizers, and other needed equipment and supplies.
- Companies that have donated their stock of supplies to hospitals and medical professionals.

Thank you for your consideration of these lawsuit abuse reforms that will allow American businesses to reopen safely and without the fear of lawsuits when trying to do the right thing in response to COVID-19. Your bipartisan leadership on this issue is needed to ensure Florida emerges from the pandemic as quickly and strongly as possible.

Sincerely,

Amplify Clearwater

COVID-19 Resources

#SURVIVINGBYSUPPORTING

These are difficult times for all of us, from our businesses to our families. Restaurants were one of the first hit with a closing order & some have opted to shut down completely. Many are trying to remain available for take-out and/or delivery. They need your support.

Essential services workers still need to eat and may be too exhausted to cook at the end of a long day. Even when you enjoy cooking, grocery shopping can make your options somewhat limited. You can also purchase a gift card now for future use, or gift it to a friend whose sudden unemployment is causing hardship. We're all in this together!

We've put together a guide to some of your options. Please note that things are changing quickly these days & we suggest you confirm availability yourself. Click the hashtag above to see our most recent list of options!

Ron DeSantis, Governor

INFORMATION FOR BARBERSHOPS, COSMETOLOGY SALONS, AND COSMETOLOGY SPECIALTY SALONS

PURSUANT TO EXECUTIVE ORDER 20-120 OF GOVERNOR RON DESANTIS AS ISSUED MAY 9, 2020

Effective May 11, 2020, the following restrictions are mandatory for barbershops, cosmetology salons, and cosmetology specialty salons:

- All customers will be by appointment only.
- Allow at least 15 minutes between the conclusion of an appointment and the beginning of the next appointment for proper disinfecting practices.
- No group appointments are permitted.
- Masks must be worn by all employees while performing personal services.

Barbershops, cosmetology salons, and cosmetology specialty salons are encouraged to adhere to the following guidance:

- Thoroughly clean and disinfect prior to reopening. Make sure to disinfect all surfaces, tools and linens, even if they were cleaned before you originally closed. This type of cleaning should continue between each day of operation.
- Consider providing unworn masks to clients for use during their appointment.
- Remove all unnecessary, frequently touched items like magazines, newspapers, service menus and any other unnecessary paper products and décor from customer service areas.

###

General Checklist for Restaurants

This checklist is intended to provide restaurants guidance with reopening safely.

Page 1 of 2

Worksite Specific Plan	YES	NO
1. Owner/Manager will identify the person(s) responsible for implementing the re-opening guidelines.		
2. Management will conduct a risk assessment and the measures that will be taken to prevent spread of the virus.		
3. Management will train and communicate with employees on the re-opening guidelines.		
4. Management will create a process to check for compliance and to document and correct deficiencies.		
Facilities Preparation	YES	NO
1. Install Health & Safety signage/visual aids with messaging for customers and staff with easy visibility in all needed languages.		
2. Use industry leading cleaning and disinfecting protocols that meet EPA standards.		
3. Signage will be posted to explain the current procedures. Include safety distancing guidelines per elevator.		
4. Maintain regular housekeeping practices, including routine cleaning. Close all recreational areas for children.		
5. Front of the house: implement disposal plan for safe handling and dispensing of used PPEs. (e.g. use designated solid waste bags that are double-bagged and securely sealed). Heart of the house: should have signage referenced in front of the house.		
6. Flush plumbing to eliminate stagnant water from the period of closure in all facilities.		
7. Change and/or upgrade HVAC filters as necessary to maximize fresh air.		
8. Assign an employee (each shift) to monitor and supervise the food equipment, procedures and safety measures for restaurant guests and staff.		
9. Develop and implement plans as appropriate to address any parking garage or other facility access points leading to all restaurant entrances. Eliminate valet service.		
10. Install self-dispensing hand sanitizing or hand washing station at entrances and in common areas.		
11. Place Trash bins with lids that open without the need to touch the lids (touch less opening) and make them available for use to staff and guests in all entrance areas.		
12. Implement measures to separate employees and customers by at least 6 ft.		
Employee Training	YES	NO
1. Train all employees on COVID-19, to prevent the spread, and to identify vulnerable individuals.		
2. Train to promote self-screening at home, including temperature and/or symptom checks using CDC guidelines.		
3. Train employees to stay at home if they exhibit the following symptoms such as frequent cough, fever, difficulty breathing, chills, muscle pain, headache, sore throat, recent loss of taste or smell, or if they or someone they live with has been diagnosed with COVID-19.		
4. Stress the importance of continuous hand washing or the use of a hand sanitizer.		
5. Train all personnel in new operating protocols and modifications to existing codes of conduct to deal with COVID-19 issues.		
6. Train employees to wear a mask or cloth face covers.		

V. Updates From Washington
