

A NON-PARTISAN POLICY COMPARISON OF:

ANDREW GILLUM

- ✗ Small & Local Business Taxes**
Wants to increase taxes on small and local businesses by 40 percent, or \$1 billion, increasing costs and suppressing opportunity for Florida families.
- ✗ Personal Income Taxes**
Supports an agenda that would require a new 37 percent personal income tax or the equivalent of an increase of the sales tax to 39 percent.
- ✗ Healthcare**
Wants government healthcare that would cost Floridians \$176 billion or \$8,405 per man, woman and child.
- ✗ Education**
Stands with union bosses and supports policies that would force 100,000 children, primarily poor or minority children, out of high performing schools and put government – not parents – in charge of their child's education.
- ✗ Lawsuit Abuse**
Will raise insurance costs and further worsen Florida's broken lawsuit abuse climate by supporting the billboard personal injury trial lawyers who gave Andrew Gillum \$1,000,000 the week after the primary.
- ✗ Wages**
Wants to impose government mandated wages on small and local businesses, increasing costs for job creators, prices for Florida families and making Florida less competitive.
- ✗ Jobs and the Economy**
Supports an agenda that, according to the James Madison Institute report, would result in a loss of 1.5 million jobs over 10 years, and \$28.2 billion in economic losses annually.

RON DESANTIS

- ✓ Small & Local Business Taxes**
Will further strengthen Florida's economy by reducing taxes and burdensome regulations, like the Florida-only business rent tax, to continue growing the economy and creating high wage jobs.
- ✓ Personal Income Taxes**
Supports Amendment 5 which requires a 2/3rds majority of the Legislature to raise taxes on Florida families and job creators, and opposes any new personal income taxes.
- ✓ Healthcare**
Supports competitive, free enterprise healthcare solutions to lower healthcare costs while keeping taxes low through increased competition.
- ✓ Education**
Will increase funding in the classroom, and ensure parents can choose the best educational path for their students.
- ✓ Lawsuit Abuse**
Will take on billboard trial lawyers and end Florida's reputation as a "judicial hellhole" in order to lower insurance costs and the cost of living on Florida families.
- ✓ Wages**
Wants competitive, market-driven wages for small and local businesses based on skills and education, rather than government mandates.
- ✓ Jobs and the Economy**
Supports an agenda that keeps Florida's momentum going and, that according to the James Madison Institute report, will grow Florida's economy by creating 2.1 million jobs over 10 years and result in \$26.6 billion of economic gains annually.
