The Office of International Affairs also works with the Department of Economic Opportunity and Enterprise Florida to act as an intermediary between performing musical, cultural and artistic organizations and Florida businesses to encourage and coordinate joint undertakings. Such coordination may include, but is not limited to, encouraging business and industry to sponsor cultural events, assistance with travel of such organizations and coordinating travel schedules of cultural performance groups and international trade missions. Please reach out to the office’s staff if we may be of any assistance.

A sister city, county, or state relationship is a broad-based, long-term partnership between two communities in two countries. A relationship is officially recognized after the highest elected or appointed official from both communities signs off on an agreement to become sister cities.

A city may have any number of sister cities with community involvement ranging from a half dozen to hundreds of volunteers. In addition to volunteers, sister city organizations can include representatives from nonprofits, municipal governments, the private sector, and other civic organizations.

Each sister city organization is independent and pursues the activities and thematic areas that are important to them and their community including municipal, business, trade, educational, and cultural exchanges and projects with their sister city.

The following listing was provided by Sister Cities International, a nonpartisan 501(c)(3) nonprofit which serves as the national membership organization for individual sister cities, counties, and states across the United States. This network unites tens of thousands of citizen diplomats and volunteers in nearly 500 member communities with over 2,000 partnerships in more than 140 countries.
